Hey Tom,

I have attached the TCE Public Webinar transcript in both word and PDF form.

Thanks and enjoy the holidays!

No rush! Just wanted to let you know that I have the files. I have an mp4 which is a video file so I'll need to load it on youtube and then link to it. That won't happen until Monday or Tuesday.

Ok – I am currently reviewing the transcript, I will try to make that a priority but if I can't get back to you today to confirm it's all set then hopefully I can get back to you early next week before we post that as well. But good to know you have the audio file!

Thanks Tom!

Hi Katie. Just an FYI that I'm working to get the MP4 uploaded to our youtube page. When I get that figured out, I'll get the video and the transcript up on the materials page.

Thanks!

I'm working a few days the last two weeks of December but I will keep you updated on when to expect the audio and transcript.

Thanks Tom, looks good!

Additionally - I think that a link to "meeting materials" will need to be added to the table of dates on the this page?  
<https://www.epa.gov/assessing-and-managing-chemicals-under-tsca/risk-management-existing-chemicals-under-tsca#meetings>

Document page with the agenda and slides:

<https://www.epa.gov/assessing-and-managing-chemicals-under-tsca/materials-december-2020-trichloroethylene-tce-risk>

Main TCE risk management page with link to the webinar documents:

<https://www.epa.gov/assessing-and-managing-chemicals-under-tsca/risk-management-trichloroethylene-tce>

I'll update these pages and add the recording and transcript when I get them after the event. FYI – I'm not taking any time off over the holidays, so I'll be here when the pages are ready for updating.

Hi Tom L and Cheryl –

Attached are PDFs of the TCE webinar agenda and ppt. They were cleared late today. Can you upload them early Monday morning, and let me know when the URL is available? Then I can send it to attendees when I send them webex and phone instructions (Monday ideally around noon). (also attached are the word and ppt versions if there are any changes you need to make).

Also attached is the registration list. We might get a few additional people registering on Monday and Tuesday. Right now we are at 398; I expect about 25-50% no shows. Please note that Pat Rizzuto (Bloomberg) is registered to attend.

Thanks –

Niva

Hi Niva – thanks for the heads up. Friday is my last day in the office so please work w/ Tom to get these materials posted on Monday. Also, it might be good to know if any press is registered for this webinar so we can keep an eye out for news stories and social media.

Tom – we can talk more about our check in. Thanks.

**Subject:** Head's up - TCE webinar 12/15

Hi Cheryl and Tom –

Next Tuesday (12/15) is the TCE public webinar. Slides are in the process of being approved; I'm hoping we get them cleared today or at latest tomorrow so we can get them to you.

Please let me know if there should be any modifications to this:

- 12/11 – PDF of slides + agenda to Cheryl and Tom for posting on web
- 12/14 – materials posted on web
- 12/15 – webinar (1 pm)

There are about 370 people registered for the webinar (let me know if you want a list, or you can pull it from Eventbrite). There are about 15 public commenters registered. I expect both those numbers to increase in the next few days, but also not everyone to actually log in. (This is more registrations than previous chemicals, so I expect the ultimate number of attendees to also be higher than other webinars).

12/18 is the SBA roundtable for TCE.

Thanks –

Niva
